**SUBJECT: Release of Granite 5 Adhesive Anchoring system in concrete
ICC-ES Evaluation Report ESR-1137
Division 03
Section 03151**

Dear Construction Professional:

We are pleased to announce that ESR-1137 for the Red Head Granite 5 Adhesive Anchoring system in concrete is now listed by the ICC Evaluation Service. The attached report is a preliminary publication which is subject to editorial revisions only. The technical content will remain unchanged. A final, published version of ESR-1137 will appear on www.icc-es.org around May 15, 2008.

Should you have questions regarding the status of this report, please contact ICC Evaluation Service at (800) 423-6587.

For more information on the Red Head Granite 5 Adhesive Anchoring System, please contact Red Head Technical Service using the information provided below.

Thank you for your attention and support.

Sincerely,

Red Head Technical Service
